

# ADAM DEES

ADEES@CS.ROCHESTER.EDU

## EDUCATION

---

<b>University of Rochester</b>	Rochester, NY
PhD Student in the Department of Computer Science	2020-Present
Master of Science in Computer Science	2020-2022
<b>University of Tulsa</b>	Tulsa, OK
Bachelor of Science in Computer Science, Summa Cum Laude	2016-2020
Minors in Philosophy and Mathematics	

## RESEARCH DOMAIN

---

Algorithmic analysis of the authenticity and chronology of the Platonic corpus. Formerly, multi-agent systems.

## PUBLICATIONS

---

<b>Evaluating Adaptive and Non-adaptive Strategies for Selecting and Orienting Influencer Agents for Effective Flock Control</b>	2022
<i>James Hale, Adam Dees, Jayson Garrison, and Sandip Sen</i>	
Principles and Practice of Multi-Agent Systems	
<b>Effects of Parity, Sympathy and Reciprocity in Increasing Social Welfare</b>	2020
<i>Sandip Sen, Chad Crawford, Adam Dees, Rachna Nanda Kumar, and James Hale</i>	
The Knowledge Engineering Review Journal, Volume 35	

## MASTER'S THESIS

---

<b>Algorithmic Analysis of the Authenticity and Chronology of the Corpus Platonicum — Foundations and Framework</b>	2022
Committee composed of Profs. Aaron White, Lenhart Schubert, and Chenliang Xu	

## RESEARCH GROUPS

---

<b>Multi-Agent Systems Research Group (MASTERS)</b>	University of Tulsa
Intelligent Agents Researcher under Prof. Sandip Sen	2017-2020

## FELLOWSHIPS

---

<b>University of Rochester Provost Fellowship</b>	2021-2023
<b>National Science Foundation Fellowship</b>	2020-2021

## TEACHING

---

<b>CSC-448: Statistical Speech and Language Processing</b>	University of Rochester
<i>Teacher's Assistant</i>	Fall of 2021
<b>CS-1043: Introduction to Programming and Problem-Solving</b>	University of Tulsa
<i>Teacher's Assistant</i>	Summer of 2019
<b>CS-2003: Fundamentals of Algorithm and Computer Applications</b>	University of Tulsa
<i>Teacher's Assistant</i>	Summers of 2017-8
