## EDUCATION

---

- **University of Rochester** Rochester, NY  
*Ph.D. student in Computer Science* Sep. 2018 – present
- **University of Rochester** Rochester, NY  
*M.S. in Computer Science* Aug. 2016 – Jun. 2018
- **Reutlingen University** Reutlingen, Germany  
*Visiting Student in Informatics* Mar. 2015 – Oct. 2015
- **Donghua University** Shanghai, China  
*B.S. in Computer Science* Aug. 2012 – May. 2016

## RESEARCH INTERESTS

---

Audio-Visual Understanding, and Multi-Modal Vision-and-X Modeling.

## RESEARCH EXPERIENCE

---

- **URCS** Rochester, NY  
*Research Assistant* Jan. 2017 - present
  - **Audio-Visual Understanding**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Prof. Zhiyao Duan(UR-ECE), Prof. Ross Maddox (UR-BME)  
We conduct systematic investigations to integrate two modalities (vision and audition) towards a more comprehensive audio-visual scene understanding. Designing algorithms that jointly model audio and visual modalities towards a complete audio-visual scene understanding can enable novel applications, including multimedia (video indexing and scene editing), and healthcare (assistive devices for visually and aurally impaired people).
  - **Medical MRI Image Understanding**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Prof. Axel W. E. Wismller (UR-BME)  
Cooperating with UR Medical Center, we develop an efficient and accurate Glioma segmentation algorithm in MRI data to provide valuable assistance for treatment planning, and disease progression monitoring for oncological patients.
  - **Image Generation**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Prof. Jiebo Luo (UR-CS)  
We propose a texture preserving image generation model to synthesize human body images based on sketch. In this project, we propose an unsupervised pose flow learning scheme that learns to transfer the appearance details from the source image.
- **Facebook Reality Labs** Pittsburgh, PA  
*Research Intern* Jul. 2020 - Dec. 2020
  - **AR/VR Talking Avatar**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Dr. Chen Cao (Facebook), Prof. Fernando De la Torre (CMU)  
Codec Avatar.
- **OPPO US Research Center** Palo Alto, CA  
*Research Intern* May 2019 - Aug. 2019
  - **3D Human Avatar Digitization**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Dr. Shuxue Quan (OPPO), Dr. Yi Xu (OPPO)  
We develop an efficient algorithm to reconstruct 3D human shape avatar from a single RGB image with keeping the realistic texture. We develop a mobile application that demonstrates this capability in AR/VR settings.
- **JDX Silicon Valley Research Center** Sunnyvale, CA  
*Research Intern* May 2018 - Aug. 2018
  - **Perception Module for Autonomous Delivery Robot**  
**Advisor:** Prof. Chenliang Xu (UR-CS), Dr. Hongda Mao (JD.com), Dr. Victor Zhu (JD.com)  
We develop a real-time algorithm to process image and Lidar data and output the vehicle/pedestrian/traffic-light detection results to the planning module.

## • VisualDX

Research Intern

Rochester, NY

May 2017 - Sep. 2017

### ○ Medical Image Analysis

**Advisor:** Prof. Chenliang Xu (UR-CS), Prof. Jiebo Luo (UR-CS), Dr. Art Papier (VisualDX)

We build several deep neural networks to classify skin diseases, skin lesions, and their anatomical locations, which was been developed to an ios App.

## HONORS & AWARDS

---

Donald M. and Janet C. Barnard Fellowship	2020
17th ACM SIGGRAPH VRCAI Best Paper Award	2019
CIRC Poster Session Best Poster Award	2017
Scholarship by University of Rochester (30% of tuition)	2016
Bronze Medal of Mathematical Contest in Modeling of Shanghai	2014
Scholarship for Academic Excellence	2013
Jinbao Scholarship for Top 10 Students	2013
Bronze Medal of ACM Contest of Donghua University	2013

## UNIVERSITY SERVICES

---

- **Teaching Assistant**

Spring 2020 CSC261/461: Intro. to Databases  
Spring 2019 CIS418: Advanced Business Modeling & Analysis  
Winter 2018 CSC261/461: Database Systems  
Fall 2017 GBA464: Programming for Analytics

Fall 2019 CSC577: Advanced Topics in Computer Vision  
Winter 2018 CIS442: Data Management for Analytics  
Spring 2018 CIS442F: Big Data

- **PhD Admission Committee**

(CS, University of Rochester)

Feb. 2020

- **Student Advising**

- **MS Students** Purvanshi Mehta (UR-DS), Justin Tian (UR-CS), Ziyi Kou (UR-CS), Guofeng Cui (UR-CS), Guo Li (UR-CS)
- **Undergraduate Students** Canruo Zou (UR-CS)

## PROFESSIONAL ACTIVITIES

---

- **Journal Reviewer:** \*IEEE Transactions on Image Processing, \*Neurocomputing, \*IEEE Access
- **Conference Reviewer:** WACV 2020
- **Membership:** IEEE Student Member, ACM Student Member

## INVITED TALKS

---

- From Image Generation to Video Generation  
- NSF NRT mini-conference, University of Rochester Sep. 2019
- Combination of Generative Adversarial Network and 3D Graphics Modeling  
- JD AI Research Aug. 2019
- Sound to Visual: Hierarchical Cross-Modal Talking Face Generation  
- Sight & Sound Workshop, CVPR 2019 Jun. 2019
- Cross-Modal Audio-Visual Generation  
- VISTA Lab, University of Rochester Apr. 2017

## LEADERSHIP

---

- Rochester Vision Group, Lab Manager Nov. 2017 - present  
- Maintain the GPU Cloud Computing Server at the hardware-level and system-level. Suggest the new server purchase (up to \$50,000).  
Manage the Cloud Computing Server accounts for new lab researchers and create new environments for their research.
- CSC261 Teaching Assistant Group, Leader Winter 2018, Spring 2020  
- Create and design the course project for CSC261 (45% of the final grade). Demonstrate lecture tutorials and reviews. Create and manage department SQL Web Server to hold student's websites. Coordinate other TAs' TA hours, teaching sessions, etc.
- University Youth League, Vice President Jun. 2013 - Dec. 2015  
- Coordinate company visits, schedule events. Oversee budgeting of other officers, orchestrate fundraising activities, purchase and select prizes and food for in-house events.

## VOLUNTEER WORK

---

- Volunteered Lecture 10 hours (ongoing)  
Demonstrate several tutorial lectures per year(2018-2020) to different URCS courses on GPU cloud server usage, artificial intelligence research, website design and database design, etc.
- URCS Department Cleaning Committee 1 year (ongoing)  
- Member of URCS cleaning committee (2019-2020). The core tasks are throwing out spoiled or unlabeled food in both the 3rd floor and grad lounge fridges and wiping them down, as well as cleaning the microwaves in those two spaces and cleaning the countertops in the kitchen.
- Public Speaking with Ignite 20 hours  
- Gave several lectures per year(2013-2015) to local high school students on computer science research.
